## Interview Evaluation Report

---

**Role:** Data Analyst

**Interview Round:** Behavioral

**Date:** 10 January 2026

---

### Question 1

Can you describe a time when you had to communicate complex data insights to a non-technical team?

**Answer:**

yess

**Feedback:**

Score: 2/10 The answer is too brief and lacks specific details. The candidate failed to provide a clear example or context.

**Score: 2 / 10**

---

### Question 2

Tell me about a situation where you identified a data quality issue and how you resolved it.

**Answer:**

nooo

**Feedback:**

Score: 0/10 The response is completely irrelevant to the question and lacks any attempt to address the topic. A more thoughtful and detailed answer is expected.

**Score: 0 / 10**

---

### Question 3

How did you handle a situation where your analysis results contradicted the expectations of a stakeholder?

**Answer:**

yuheu

**Feedback:**

Score: 0/10 The candidate failed to provide a coherent answer, indicating a lack of preparation and inability to address the question.

**Score: 0 / 10**

---

#### **Question 4**

Can you give an example of a data visualization you created that effectively communicated insights to the business?

#### **Answer:**

jdiomsdn

#### **Feedback:**

Score: 0/10 The answer does not provide a relevant example of a data visualization, and the response appears to be nonsensical. Please provide a clear and coherent answer that addresses the question.

**Score: 0 / 10**

---

#### **Question 5**

Describe a project where you used statistical modeling to drive business decisions and what was the outcome.

#### **Answer:**

ndjns kdn ds

#### **Feedback:**

Score: 0/10 The answer does not address the question, and the content appears to be gibberish. The candidate failed to provide any relevant information about a project or statistical modeling experience.

**Score: 0 / 10**
